Subject: How the reunion is shaping up so far...

As you all know, there is a survey on the website where you can submit your thoughts & ideas on the reunion. Here's a quick summary of where we currently stand with the two most significant survey questions. We NEED you to get on this and submit your ideas. This initial survey will soon be closed so that we can proceed. Here's the plan:

- Finish collecting rough ideas using this survey (soon to be closed)
- Present the ideas to the class for a vote
- Tally up the votes and move forward with planning the most popular idea. We want as much time as possible to do this.

Now is your chance to steer the direction of this reunion. If you don't chime in, we run the risk of having a lame party that nobody wants to participate in.

Logging in, updating your profile, and responding to the surveys will probably take maybe 10 minutes. I don't think that 10 minutes every 10 years is too much to ask. ;)

And a quick reminder that we will have our 2nd meeting on August 5th if you'd like to show up in person to help out. Drinks, appetizers, and old friends. Can't beat that!

FYI: You can view these answers on the website at any time by selecting the survey.

Let's do something semi-formal where we get to dress up a bit and spoil ourselves

Daniel Rullo (Jones)

I like the idea of possibly going on the Gateway clipper or something. A park was fine. I'd like to have a blast. It doesn't have to cost a fortune, but I'd like to do something a little different.

Maybe formal Saturday Night for adults and picnic on Sunday with family. Everybody should have a good time.

I know it's kind of cheesy but what if we did somewhere like the hall at NV police station? I want to be relaxed. I don't know, it's bad when it comes to choosing things like this... :)
