Subject: EA Class of 1996 Website - Classmate Memorials

All,

As you may have seen, we have a memorial for Melissa Patrick on our site. Most of that verbiage came directly from Melissa's obituary. I know some of you were close to her and if possible, I'd like to include your thoughts & memories of Melissa as a more appropriate and permanent tribute. If anybody would like to amend the information that's up there, please let me know. Also please note that anybody can create a memorial, not just site administrators. When you create one, you have the option of specifying a classmate as the subject. If it's a classmate that we have a photo for, it will be displayed. If it's somebody else (perhaps a school faculty member), there wouldn't be a photo displayed.

I would also like to get a memorial posted for Steve Corey. If anybody has anything that they'd like to include (thoughts, photos, etc.), please reply. Steve, unfortunately, was gone before he was able to graduate with us, but he's still part of the 1996 family and I'd like to memorialize his place in our lives in some way.

Additionally, I was hoping to post a memorial for Mrs. Lillian Lovejoy who passed away a couple of weeks ago. She was my kindergarten teacher at Green Valley. Unfortunately though, there was no service and no obituary. If anybody has anything about her, let me know.

Is anybody aware of any other school faculty members that served during our time at EA who have passed? Let's hope that many reunions pass before this particular page on the site gets any additions.
